

FROMAGERIE DE L'ÎLE-AUX-GRUES

The cheeses

In the heart of the Saint Laurent

Since 1977, whipped by the winds and rocked by the St. Lawrence River, the largest artisanal cheese factory in Canada stands at the heart of a unique location that built its authenticity and the local economy. The Fromagerie de l'Île-aux-Grues comes from an environment where solidarity, an island microclimate and centuries-old know-how have made it possible to create extremely refined products while preserving local agriculture and the terroir.

The cheese factory exclusively processes milk from the island's dairy producers into exceptional fine cheeses that have been repeatedly recognized in international competitions.

Prestige Collection

World-renowned cheeses born from a passion that combines artisanal know-how and a truly unique terroir.

L'ANGÉLIQUE
-À-
MARC

Presentation

Floral and woody

L'Angélique-À-Marc is the second cheese born from our collaboration with the artist Marc Séguin. If La Bête-À-Séguin is characterized by its fragrance and its resolutely "animal" taste, L'Angélique-À-Marc seduces with its dominant "vegetable" and nuanced with a medium intensity. The wooden strap that surrounds the wheel during its ripening adds a slightly woody touch to its runny heart. A true cheesy beauty. A cheese of extreme finesse that is a great art.

Exceptional. 100% authentic.

Bold. Assertive. Uncompromising. 100% authentic.

Exactly like the internationally renowned painter who was personally involved in the creation of this soft cheese with a decidedly “animal” aroma and taste. Under a slightly wrinkled white semi-bloomy rind with pink and reddish veins that become more pronounced with age, there is a smooth, light yellow to straw yellow paste depending on the season, very melting in the mouth, with a taste of butter and hazelnuts with hints of garlic and cabbage that become more tangy with ageing.

Presentation

A pure masterpiece

Riopelle de l'Isle is the first triple cream artisanal cheese produced in Quebec. Made from unpasteurized milk, it retains the typical aromas of l'Isle's terroir. Under its beautiful whitish and fluffy rind, we can see a soft ivory paste with a creamy texture. To the taste, it reveals flavors of butter, fresh mushroom with a vegetal and salty touch. It seduces with its soft and creamy intensity in the mouth, sometimes becoming runny. Its texture is incomparably supple. In the mouth, its buttery taste is quite exquisite.

canotier de l'Isle^{MC TM}

Presentation

A pure tradition of the island

Directly inspired by an ancestral recipe developed by the first cheesemakers of l'Isle at the beginning of the 20th century, the 12 to 18 months aging of Canotier de l'Isle gives it an intensity and smoothness with exceptional flavors. Under its thin ochre-toned crust, the ivory paste reveals a rich and enveloping taste with very typical hints of hazelnut with beautiful fruity and creamy notes. Le Canotier de l'Isle was created in 2012 to celebrate the 35th anniversary of Fromagerie de l'Île-aux-Grues and in tribute to its founders. It remains one of our most popular classics to this day.

Crust washed with L'Étoffe du pays beer
Improved refining, excellence guaranteed!

In this improved version by our master cheesemaker Yoann Gach, the cheese is now rather refined on the surface by washing with beer which gives it a less sticky, very slightly sandy crust.

L'Étoffe du pays from the Côte-du-Sud artisanal microbrewery in Montmagny and the Islands, a robust beer for keeping (9% alcohol) with aromas of plums, raisins and dried fruits, infuses the cheese rind with its amber nuances to create a truly enjoyable cheese. The combination of beer and this smooth, tasty paste gives the cheese a unique mouthfeel and taste, slightly grassy and hoppy.

100% local, this cheese is a tangible witness of the collaboration between passionate artisans from the same region for audacity and innovation through complete respect for their authenticity.

Smooth as can be

This surface-ripened cheese offers a semi-soft, creamy paste with a subtle, mild and consensual taste. A surprising streak of vegetable ash is revealed in the heart of a smooth straw-yellow paste. The slightly crispy orange rind gives the Macpherson de l'Isle a fruity accent accompanied by subtle sulphur nuances as it ages.

Fine wild mushroom aromas

Originally made from the milk of a single herd of Swiss Brown cows on l'Isle, fed partly of hay from the pasture, this semi-soft cheese with a mixed and brushed rind reveals a beautiful uniform paste dotted with small openings. Today, Tomme de Grosse-Île is made exclusively from unpasteurized milk from producers of l'Isle. On the palate, we discover aromas of wild mushrooms with a slight tangy taste that tends towards fruitiness.

Une signature unique à l'origine même de la fromagerie

Une gamme de fromages de garde qui vous offre une palette nuancée de saveurs et d'arômes particuliers. Leur fabrication artisanale s'inscrit dans une longue tradition fromagère à l'Isle qui trouve ses origines au début du XXe siècle. Six mois de vieillissement sont nécessaires pour donner à notre **cheddar mi-fort** ce goût légèrement acidulé et doux en bouche. Notre **cheddar fort** révèle son arôme de noisette après un an de vieillissement. Notre **cheddar extra-fort**, offert à deux ans de maturation, vous séduira par sa pâte plus sèche, légèrement granuleuse et son goût de noisette plus prononcé.

3-cheese de l'Isle

Presentation

An exceptional fondue, rich in the terroir of Île-aux-Grues

The 3-cheese fondue from Isle-aux-Grues offers fruity notes, aromas of undergrowth and hazelnuts. Well-balanced and creamy, it has the honor of being made with Canotier de l'Isle, Tomme de Grosse-Île and aged cheddar from Île-aux-Grues. These wonderful cheeses are made exclusively from unpasteurized cow's milk from the dairy farms of the island.

SUGGESTION OF ACCOMPANIMENTS

Of course, with a beautiful artisanal baguette and with figs (fresh or dried), the contrast is exquisite. Try green apples or smoked salmon.
